

Come home
to nature.

Riverwood Park

We've read
your dreams

WE DON'T KNOW YOU, BUT WE KNOW WHAT YOU WANT IN A HOME

Openness, greenery and blue water is what we'll start with. River Wood Park is a luxurious verdant community that sprawls over 40 acres.

Probably the finest example of luxury and elegance, River Wood Park boasts of a meticulous attention to detail in every aspect. From the layout and planning to the never-ending list of amenities, the easy class that homes here exude, is unparalleled.

River Wood Park offers arguably the best mix of modern amenities and tranquil natural beauty. So much so, that the only sound that might impinge on your thoughts at River Wood Park is the sound of the gurgling waters of the Mithi River.

Life by a river

CREATING A TOWNSHIP. AND HISTORY

At River Wood Park, modern amenities blend in seamlessly with the natural surroundings. So, you might be disturbed in the middle of your tennis game by the sound of birds chirping; it's also quite possible that your children get a nature class on the walk from home to their school.

If there is one thing we understand it's that people have varied tastes, and to that end we've done our very best to ensure that every comfort is provided and every luxury is accounted for. From recreation to schooling to a temple, we've tried to encompass every bit of Life as you'd like it, in River Wood Park. With all modern conveniences and amenities just a few minutes away, it still sometimes takes a good hour to move just a few dozen meters, simply because one gets lost in the richness of Nature and the serene environs .

The City In Nature

AN OVERVIEW OF THE PROPOSED PROJECT

River Wood Park offers a seamless blend of modern amenities and creature comforts while remaining firmly ensconced in Nature. Every positive facet of city life has been included, while every care is taken to preserve the serenity of the surroundings.

LUXURIOUS LIVING IN THE LAP OF NATURE

Designed to accommodate every whim and fancy of the most demanding of people, River Wood Park stands testimony to the fact that modern living can coexist with Nature.
